

## PLENARY LECTURERS

### Prof. Laura de Lorenzis

Dep. of Mechanical and Process Eng.,  
ETH Zürich, Switzerland

### Prof. Francisco Pires

Faculty of Engineering,  
University of Porto, Portugal

### Prof. Thomas Pardoen

Louvain School of Engineering,  
Université catholique de Louvain, Belgium

### Prof. Frans Van der Meer

Faculty of Civil Engineering and Geosciences,  
Delft University of Technology, The Netherlands

**Organizing Committee:** Prof. Pedro P. Camanho,  
Prof. Albertino Arteiro, Prof. Vladislav Mantič  
and Project Manager María Nocete

## REGISTRATION & PARTICIPATION

The NewFrac Conference is open to any research topics on new computational strategies for fracture problems, with special focus on Phase Field models for fracture and Finite Fracture Mechanics.

It will take place at the Faculty of Engineering, University of Porto, Portugal.

Interested participants: Submit [HERE](#) the **abstract** of your **contribution** before **07/03/2024**.

A message of **confirmation** along with detailed instructions will be sent to the participants' emails **by 14/03/2024**.

**Registration and payment are open until 07/04/2024 [HERE](#)**

Registration Fee	500.00 €
